Hi Aaron,

Since I know the requestor pretty well, I'm happy to reach out to her and let her know he cant attend. It looks like their topics of interest cover TSCA and IRIS which are in two different programs. I can find out which they are more interested in and then perhaps the correct speaker may be Richard Yamada.

Richard- would you even be available on Nov 16th? If not, I wont make the offer, just let me know.

Thanks,
Nancy

Hi Nancy

The Administrator will not be able to speak at this event. Ryan asked that I delegate it to you.

As I'm filling in as the executive scheduler for the Administrator for the time being, please let me know the best way to handle requests that I have to delegate to you. Do you want me to decline for the Administrator and let the organization know that you will be in touch or will you reach out to the organization, decline for the Administrator and offer to participate on his behalf?

Aaron Dickerson

Subject: Invitation to Speak at an industry association meeting on November 16

Dear Administrator Pruitt:

On behalf of the Styrene Information and Research Center (SIRC), I write to invite you to the styrene industry's annual meeting on November 16, 2017 at the Embassy Suites Chevy Chase Pavilion. The annual meeting is widely attended -- anywhere from 50-100 people -- representing styrene manufacturers and end users. The meeting starts

around 9:00 a.m. and we would welcome your remarks at 10:00 a.m.

The members of SIRC are very interested in hearing from you on the implementation of TSCA, the reorganization of the EPA, the status of the IRIS program and improvements thereto and your perspective on continued state efforts on chemical management and limitations on the use of certain chemicals and state bans on polystyrene products.

These are all very important and timely topics and members would be honored to have you as our keynote speaker.

Thank you so much for your consideration of this request.

Should you or members of your staff have any questions, please don't hesitate to contact me directly.

Best regards,

Marian (MJ) Marshall
